Re: COVID-19 Prevention and Protection

**COVID Count**

ACTIVE cases	
Residents	Staff
0	0

RECOVERED cases	
Residents	Staff
25	46+7

"+7" refers to a non-staff provider

**Weekly Testing Resuming**

Beginning this week, all staff and Harbors' residents will return to weekly testing. This is a result of the positivity rate in the city/county around our community, and not a result of any concerns in our Admiral community. Regular testing will be the best way to monitor any new cases and avoid spread. Testing will be available as it has been (days of the week, times of day, location) on a weekly basis starting this week. All staff are required to be tested on Sunday or Monday weekly. If you cannot make it to your weekly test, please let your supervisor know in advance so that alternate plans can be made.

**Visits in The Harbors**

Please remember that every visit to The Harbors requires both:

1. An advance sign-up for a designed time/date; and
2. A prescreening 24 hours in advance of the visit

The above are rules as set forth by public health and are not up to the discretion of The Admiral or any of us. If a visitor needs information about how to sign up to visit a loved one in The Harbors, please reach out to Kim Kohler at [kkohler@admiral.kendal.org](mailto:kkohler@admiral.kendal.org). If a visitor would like to drop something off for a loved one sooner than their next planned visit, please leave the item with Concierge and we can help get it delivered to the resident. If you have any questions about this, please let me or Kim know.
