Re: COVID-19 Prevention and Protection

COVID Count

ACTIVE cases	
Residents	Staff
0	1

"+1" refers to a non-staff provider

RECOVERED cases	
Residents	Staff
26	46+8

"+8" refers to a non-staff provider

We learned that a member of our staff has tested positive for COVID. At this time we do not believe any residents in any part of our community were exposed to this employee. Staff that work closely with this employee are being tested based on current IDPH guidelines. This is our first positive COVID case in our community since May. We are grateful for the protection we have had from vaccines and various safety measures, like continuing to wear masks while in common areas.

Vaccine Clinic

We had over 300 members of our community register to receive the vaccine or a booster at our clinic over the last few days. Thanks to everyone who participated and a special thanks to the staff who worked hard to ensure a smooth experience for the participants! We even had news coverage by ABC-7 that featured some of our staff and residents!
