Re: COVID-19 Prevention and Protection

COVID Count

ACTIVE cases	
Residents	Staff
0	1

RECOVERED cases	
Residents	Staff
25	46+7

"+7" refers to a non-staff provider

This morning we learned of a member of staff who tested positive. It's worth noting that this is our first positive case in over two months which should not be lost in the subsequent changes that will go into place as a result of this one positive case. More details will come out soon about how this will impact us in the short term.

For now, we are asking all staff to report to the 6th floor conference today until 5 pm and tomorrow morning beginning at 10 am for a COVID test. This is required testing for all staff. We will also be testing all residents of The Harbors as well.

More will come about what to expect from here on out. For now, those who live and work under this roof will see some small changes, such as doors between IL and Harbors closed again. There are signs asking that the doors remain closed for now. For staff, instructions and information you will find helpful will be shared through Connectteams. If you do not have Connectteams set up, please consider joining in on the discussion!
